UPDATED: JANUARY 09, 2017 04:13 IST

A four-day international conference on Advances in Polymer Science and New Generation Technologies 'MACRO 2017' was inaugurated by K. Sivan, Director, VSSC here on Sunday.

The conference includes about 120 lectures and over 300 poster presentations. S. Ramakrishnan, president, SPSP; A. Ajayghosh, director, NIIST; and V.K. Dadhwal, director, IIST; and other eminent polymer scientists from India and abroad were present for the inaugural function.

Renowned nano technologist Sumio Ijima of Japan is scheduled to deliver the keynote address.

Memorial lectures will be delivered by Mitsuo Sawamoto, Japan, and Sadhan C. Jana, the U.S.
