Prof. Takeo Yamaguchi of the Tokyo Institute of Technology, Japan, will inaugurate the third international conference on advanced functional materials (ICAFM 2019) at the National Institute for Interdisciplinary Science and Technology (CSIR-NIIST), Pappanamcode, on Monday.

The conference offers a

platform for experts from R&D organisations, academia and industries to discuss trends in material processing, and application developments, CSIR-NIIST said. ICAFM 2019 will be followed by the 83rd annual session of Indian Ceramic Society on December 11 and 12. A national meet on Innovations and Technologies for Ceramics is planned as part of the annual session.
