RRL gets ISO certification

Staff Reporter

THIRUVANANTHAPURAM: The Regional Research Laboratory (RRL) here, one of the constituent laboratories of the Council of Scientific and Industrial Research (CSIR), under the Union Ministry of Science and Technology, has been awarded the ISO-9001:2000 certificate by Det Norske Veritas, popularly known as DNV, based at Rotterdam in the Netherlands.

The laboratory, which came into existence in the Seventies, is situated in a complex near an industrial estate at Pappanamcode.

Under this certification, the laboratory ensures total quality management in all its research and development activities and support services.

The certificate was formally handed over by the DNV representative to T.K. Chandrashekar, Director, RRL, at a function held in the laboratory on Friday. A.D. Damodaran, former Director, was the chief guest. .
